(for children signed up for morning classes)

Monday-Thursday mornings from 10:00 – 11:30  
(for children signed up for afternoon classes)

You can sign up for as many days as you like. **The days that we end up offering will be based on number of children who sign up for each day.**

Your child will bring a sack lunch to eat with the teacher, then we will provide extended learning activities. It will be a little more loosely structured than the regular class but will be chock full of learning centers and small group teaching times. We will focus on things like Science experiments, experimenting with food and following recipes, and literacy and math activities. They will have the opportunity to have lunch with the teachers and also experience getting used to a full day of school, particularly for the 4-5 year-olds.
