OUR PURPOSE

Adventure-Life Preschool is a ministry of Adventure Life Church for young children and their families. Our mission is to serve our church and our community as a Christian preschool.

OUR PHILOSOPHY

We believe an early childhood program serves as an extension of the family providing education, nurture, and support toward the development of the whole child.

Each child:

- is created in the image of God (Genesis:26-28).
- is unique.
- develops at his/her own rate.
- possesses different experiences and abilities to learn.
- learns best through hands-on experiences.

Each teacher:

- serves as a Christian model.
- guides and facilitates the natural development of the child.
- works cooperatively with parents.

Our Program:

- incorporates and exemplifies Christian values.
- is developmentally appropriate.
- enriches the spiritual, social, emotional, intellectual, cognitive, language, and physical development of every child.
- integrates play as the vital way children learn.
- provides experiences in language and creative arts, music and dramatic play, large and small motor activity, math and science.

The Environment:

- capitalizes on children's natural curiosity and instinct for learning.
- promotes creative thinking and problem solving.
- has large, well-equipped classrooms that incorporate learning centers.
- has a spacious outside play area with equipment that encourages play and physical development.
- meets stringent health and safety standards

Children need to be potty-trained before entering preschool.
